Above Left: Tyler Weaver and Danielle Sharp give a speech together. Far Left: Principal Mr. Corey reminisces on memories created by the graduating class. Left: Vice President of the School Board Jack Swartz gives out the diplomas to the excited seniors.

Our DWHS students learned a little about "the system" and justice this year. With Joe Bateman leading the way, DWHS students boycotted Aaramar, our cafeteria services, to show how serious their suggestions were. Each student brought in food to share, and the high school had somewhat of a "potluck" for lunch. Aaramar brought a representative in, and students asked for additional choices for lunch.

# Change is inevitable . . .

This has been a year of change for me. One year ago, I had never heard of DeLand-Weldon, let alone fall in love with the small school, rural atmosphere here. I love everything - from my awesome Prek classroom to my wonderful aides and the high school kids I have gotten to know this past year.

One year ago, I hadn't gone through the drama of dealing with landlords at a 80 year old living space...I hadn't been a teacher yet...I had never been in love ...I had never had the priveledge of putting together a yearbook in less than 5 months...

You know, change is inevitable and it's what we chose to do with change that shows our character. Our seniors are moving on to a new chapter in life. The rest of us are here @ DWHS growing as we go through this adventure called "life."

I truly have learned so much in this past year. I am blessed to teach with some of the greatest teachers I have come in contact with. Thanks, girls! I am also blessed with the 2 best assistant teachers that a girl could have! I couldn't do it without you!

Thank you to Cheryl - you always have the answers. Thank you for doing things that weren't your job because of yearbook. Kris - thanks for being available and for all the advise. Brittany - thanks for all the pictures! Thanks to Brittany, Samantha, Tyler, Keegan, Joe and the rest of the yearbook staff for your time, energy, and ideas! John Cox - we yearbook geeks need to stick together. Thanks for your wisdom and all the help! I can't wait to do a book with you again! To my fam - Thanks for making me who I am. And Aaron - the love of my life...There aren't enough words to thank you for who you are. Thanks for supporting me and for making me a better person...I love you.

What a blast  
it's been!

Enjoy life!

# Report of the

The following report was prepared by the committee on the subject of the proposed amendment to the constitution of the State of New York, and is submitted to the people of the State for their consideration.

The committee has the honor to acknowledge the many suggestions and criticisms which have been received from the public, and to express its appreciation for the interest and cooperation of the people in this important matter.

The committee has carefully considered all the suggestions and criticisms, and has endeavored to make such changes as it deemed proper in the proposed amendment. It believes that the proposed amendment is now in a form which is fair and reasonable, and which will meet the needs of the State.

The committee has also considered the question of the form of the amendment, and has decided to present it in the form of a referendum question, to be voted upon by the people at the next general election.

The committee believes that this form of amendment is the most appropriate and effective, and it therefore recommends that the proposed amendment be submitted to the people in this form.

The committee has the honor to submit this report to the people of the State, and to express its confidence that the people will make a wise and judicious decision on this important matter.
